https://darrenchristian.github.io/portfolio2/

I would like to contribute to your organization as a full-stack web developer, leveraging my ability to develop E-commerce web applications using readily available web frameworks. With my passion for learning, I will be able to take part in empowering your team with my newly found coding expertise.

AREAS OF EXPERTISE

Hard skills
- Frontend: HTML, CSS
- Databases: MySQL
- Scripting Languages: PHP, JavaScript with JQuery
- Frameworks: Bootstrap, Laravel
- Software Versioning: Git
- SDLC Phases: Development, Test, Deploy

Soft skills
- Highly flexible and easy to adapt
- Excellent time management skills
- Ability to work independently or as part of a team
- Willing to learn and eager to grow

- Mobile Responsive Design
- Environment: Windows, HTML, CSS, Bootstrap

EDUCATION

480 HOURS INTENSIVE THREE MONTHS COURSE | Tuitt Coding Bootcamp, Metro Manila, PH
BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY | STI Sta. Maria, Bulacan, PH

ABOUT ME

After graduating in college, Darren Christian Santos joined a Christian Training in Malabon for 6 months and served in the church for another 6 months, not as a 'priest' nor a 'pastor'. He joined the 3 months intensive bootcamp training in Tuitt Coding Bootcamp to improve his programming skills and learn much more about frameworks and new technology. As much as he loves programming, he also loves anime, manga, and light novels and he is also a gamer.
